Construction – American Woodmark PRO

Construction — American Woodmark PRO

Standard Construction

- 1/2" Thick Side Return
- Full Access CushionClose® Glides System.
- 3/4" thick shelving with edge banding.
- Adjustable drawer front with 5/8" dovetail box and plywood bottom.
- 1/2" engineered wood inset toe kick.

Quality Features

- Full Access CushionClose® System.
- Hardwood drawers with dovetail construction.
- Six-way adjustable CushionClose® hinges.
- Kiln-dried face frames.

Plywood Ends Option

- 1/2" plywood sides.

All Plywood Construction Option

- 1/2" plywood sides, floors and cabinet tops.
- 3/4"-thick plywood shelving with edge banding.
- 1/2" plywood inset toe kick.

All Plywood Construction refers to the cabinet box components and shelving as detailed in our specification guide (woodmarkcabinetry.com/specguide.asp). Plywood components meet the Decorative Hardwoods Association's standards for hardwood and decorative plywood (www.decorativehardwoods.org).

American Woodmark PRO Drawer Construction

Cabinets utilize natural finish dovetail hardwood drawers with plywood bottoms and Full Access CushionClose® Glides. All drawers meet KCMA load standards of 15 pounds per square foot.

Options for American Woodmark PRO

Inverted Frame

By inverting the frame, the drawer is placed at the bottom of the cabinet. This helps raise internal organizational items and also allows standard cabinets to be used as sink bases when needed.

Increased/Reduced Depth

Adding or reducing depth in one-inch increments creates a custom look and more design flexibility. This can be helpful in accommodating larger items or designing around obstructions.

Furniture Ends

The 1/4" face frame reveal is removed for a clean, furniture look on exposed cabinet ends and islands. This makes molding wraps easier and saves installation time.

Recessed Toe Kick

Create a more finished look to the end of a cabinet run or an island with this important ergonomic element.

Keep it Quiet with CushionClose®

Enjoy the whisper-quiet luxury of a complete CushionClose® kitchen. With smooth, self-closing performance, CushionClose® reduces slams, noise and finger pinching. This unique technology comes automatically on all doors, drawers and roll outs, unless de-selected as an option.

Drawers

Roll Outs

Doors

Options for American Woodmark PRO

Duraform®

Duraform® uses foils and coatings bonded to warp-resistant composite wood. Advanced technology provides consistent finishes that are durable, easy to clean and resistant to heat, humidity and fading. Available in Espresso, Stone, Harbor, Linen, Breeze on coordinating Harbor box, and Drift on coordinating Oat box.

Accessibility

To support the growing number of homeowners remodeling for current and future needs, we've created an accessible height modification that reduces toe kicks to allow for ADA-compliant work surface heights. This alteration is ideal for pros working on projects with ADA requirements and customers looking to "age in place" by living longer in their homes.

Product Highlights

- The Accessible Height option improves function and access for all — regardless of age or ability
- Base Cabinets, Sink Base Cabinets, and Drawer Base Cabinets 32 ½" high provide lower work surfaces
- HUD Compliant

NOTE: Product specifications are available as a digital copy on Designer Resources at resources.woodmarkcabinetry.com.

Other new offerings include additional plumbing skirt cabinets, Adaptable Sink Base Kits, and drop-in drawer work surfaces.

All American Woodmark products meet or exceed the stringent performance requirement established by the Kitchen Cabinet Manufacturers Association (KCMA). The KCMA Performance & Construction Standards ANSI/KCMA A161.1 is recognized & over-seen by the American National Standards Institute. This standard also meets the HUD specification 4910.1 Paragraph 611-1.1, Minimum Property Standards for Housing.

Woodmark knows Pros. *Rely on the experts.*

We know that every Pro is different, and every Pro project requires different resources. Our versatile cabinetry lines of Hampton Bay, Hampton Bay Designer Series, American Woodmark PRO and Simply Woodmark Pro give you the style, prices and construction you need to get your specific job done, and done right.

We also know that two of the most important criteria for you when buying are everyday low prices that do not depend on limited promotions and timing. You know a good deal when you see one, which is why our **PROFOLIO**® program offers one of the best— including a complete line of offerings at exclusive everyday low prices and options for easy delivery.

Features of our PROFOLIO program:

- Plywood construction available in American Woodmark PRO® and Simply Woodmark Pro
- A guaranteed deliver-by date with Woodmark PRO XPRESS®
- Jobsite delivery
- Volume discounts available
- Best-in-class service

Get Pro support.
