Find Inspiration

From photos of interior design styles you love to color palettes and textures that inspire you, bring ideas for your remodel to the first consultation with your Home Depot designer.

p.2

Define Your Style

What's your personal style? Align it with a door style that matches the way you live. Then explore our finish options to choose the color that will bring your space to life.

p.10

Make It Work

Functionality in your new space will make your life easier. From kitchen zones to organization products, pick the add-ons that you won't be able to live without.

p.24

Fine Tune It

Now is the time to put the icing on the cake with personalizations. Add crown moldings, open shelving, hardware and more to make your new space truly yours.

p.30

You've Got This

It's time to remodel! Work closely with your Home Depot designer and get excited about the investment you're making in your home. You'll have years to enjoy your new living space.

p.38

REMY Cherry Amber & Painted Vanilla

FIND INSPIRATION

DREAMING BIG DOESN'T COST A DIME.

Think about how you want your new living space to make you feel. Collect photos on social media, pages from magazines and color swatches to create a mood board.

This is a no-obligation exercise! So let your mind run free. Any inspiration you bring to the table will give your Home Depot designer an idea of who you are and what you love.

For more inspiration and to download our complete remodel guide, visit [woodmarkcabinetry.com](https://www.woodmarkcabinetry.com).

HOW TO MAKE YOUR DESIGN CONSULTATION A SUCCESS

ADELAIDE Painted Ember Glaze & Maple Rye

IT'S ALL ABOUT THE INSPIRATION

Close your eyes and envision the space you're planning to remodel. Will it be serenely neutral, boldly colorful or something in between? What details stand out to you? When you consider how you'll use the space, what are the organization products that take it to the next level? Prepare to bring all these ideas and more to your design consultation.

GARNER Maple Latte

LEESBURG Cherry Amber & HANOVER Painted Mist

3. Collect Inspiration

Draw inspiration from every area of your life. Save design photos on social media or collect fabric and paint samples that suit your style. Share these with your Home Depot designer so they can help find the look and feel you'll love.

4. Decide what you can't live without.

Be honest but optimistic. Once you've narrowed down your door style and finish choices, list the features you can't live without. Kitchen appliances and bath fixtures need to be accommodated before the stylistic details, but dream big when it comes to adding organization products and personalized touches.

Scan to set up a consultation with a Home Depot designer:

1. Crunch the numbers.

Outline the basics of your project and set a budget. Will you be using the existing footprint or adding square footage? Will you need to relocate any plumbing, gas lines, or electricity? If you're not sure, your designer will be able to help.

2. Figure out the functionality you need.

Your space should suit your lifestyle. Do you want to create a professional chef's paradise or prioritize open space for entertaining in your new kitchen? For a bathroom remodel, do you need an efficient start to your day or a place to unwind in a spa-like atmosphere? What kind of storage and accessibility would you want in a new office or laundry room?

DREAM IT, THEN DESIGN IT

You can add style and storage to every room in your home, well beyond the kitchen and bathroom.

Beautiful, built-in **living room** cabinetry can eliminate clutter and put your favorite pieces on display. **Entryways** and **mudrooms** can be transformed from messy to tidy with drawers for extra storage and benches for stowing away shoes or household supplies.

Draw attention to your **dining areas** with open shelves, cabinets, and counter tops. They'll keep everything organized, whether you're entertaining or simply enjoying everyday meals with your family.

And, everything doesn't need to be built-in. Our full range of cabinets, door styles and finishes can be used to create unique furniture that looks like a stand-alone piece. It'll fit any space—and your life—perfectly. Speak with your Home Depot designer to discuss all the incredible options to create a cohesive, exquisitely organized home.

With American Woodmark, you can create distinctive furniture pieces that take center stage in your home. From stunning credenzas to stylish hutches, the possibilities are endless. Each beautifully unique piece can add storage and order to your room while showcasing your most prized possessions. Best of all, you'll truly customize your space.

Don't just limit yourself to the kitchen and bathroom—any room in your home can become one-of-a-kind. Talk to your Home Depot designer about the decorative accessories, hardware, and other options that will make your furniture piece stand out. Even the smallest details can reflect your personal style.

NOW TRENDING IN DESIGN STYLES

THE ENDLESS APPEAL OF MODERN CHARM

Organic casual meets contemporary in this appealing, on-trend style. Warm and inviting rather than stark and minimalist, these spaces strike the perfect balance. Choose natural-toned neutrals and prioritize simplicity to bring modern charm to life.

RETURN TO TRADITIONAL

Timeless and refined, traditional design is making a comeback—with a few changes. Now featuring clean lines paired with classic details and accessories, the new traditional simply never goes out of style.

MAXIMALISM: WHEN MORE IS MORE

Personalized design that really represents you and your taste is truly on-trend. Rather than appealing to the masses with resale in mind, homeowners are mixing styles to create maximalist spaces. Bright colors, dramatic prints and high contrast make for bold statements and stunning spaces.

Define Your Style

DEFINE YOUR STYLE

GET THAT PREMIUM LOOK WITHOUT THE PRICE.

Your door styles and finishes will set the tone for your living space. Once you know the look you're going for, narrow down your choices to fit your personal style. With all the options American Woodmark offers, you'll find that actually, you can get it all.

To take our style quiz, visit
[woodmarkcabinetry.com](https://www.woodmarkcabinetry.com).

FIND A STYLE THAT'S AUTHENTICALLY YOU

Remodeling lets you create living spaces that reflect who you are and how you live. Your everyday choices are great clues to your personal style, from the colors you wear to the foods you love. From bold contemporary to beautiful traditional and everything in between, you can use your cabinetry to create a style that truly feels like you.

TAKE A LOOK AT THE FINISHING TOUCHES FIRST

As you're figuring out your personal style, take some time to look at the details. Your **hardware** is important to choose early on in the remodel process; don't leave it until the end when you might have decision fatigue. Plus, with all the options, it's part of the fun!

Don't be scared to choose different metals when it comes to hardware and fixtures. Just like your everyday jewelry, mixed metals give your space an artful, intentional feel. Our collection of knobs and pulls provides an array of beautiful options and each comes with a selection of installation screws so you always have the right size to fit your door style.

& MADE TO MIX & MATCH

Did you know that every color in our entire finish palette is specially formulated to complement one another? From classic neutrals like Maple Rye to bold, colorful hues like Painted Navy, every finish plays nicely together. This means you can create dreamy two- and tri-toned spaces without worrying about clashing colors.

WOOD TONES WORK WONDERS

Our painted finishes don't just pair perfectly with one another—they also go beautifully with our Maple and Cherry finishes. Spaces with wood-toned and painted cabinetry provide visual interest and add incredible charm. Best of all, this on-trend combination works in any room of your home!

MAKE IT WORK

FUNCTION WON'T COST A FORTUNE.

Your new space should make your life easier. Increase functionality and convenience with clever organization products and the latest storage solutions. Create kitchen zones that just make sense and ensure everything you need has its place. Once you add all the extras, you'll have a space designed exactly for the way you live and you won't know how you ever lived without it.

To explore organization products and try our project planning, visit woodmarkcabinetry.com.

PLAN YOUR SPACE WITH THE RIGHT PRIORITIES

Take a look at your life: what it looks like now, and what you'll need in the future. The details matter and they'll influence your remodel choices.

BUDGETING AND ASSESSING YOUR NEEDS

Cost is often what stands between homeowners and their dream remodel. Start by creating a budget that will allow you to plan a space you'll love. You'll generally recoup some of your initial investment on a remodel project. But, more importantly, you'll have the satisfaction of living in a space that's designed by you, for you.

Once you've decided to remodel, don't sacrifice on your must-haves or you might end up with something called reverse buyer's remorse. This is when homeowners don't invest in important features and regret it later.

ACCURATE MEASURING IS OH SO IMPORTANT

Bring general measurements of your space to your first design consultation to help your designer get a feel for your space. Plan to spec appliances early in the process. In some cases, a designated remodel professional from The Home Depot® will visit your home for more precise measuring before your cabinets are ordered.

For a printable guide to help you measure and sketch your space, visit our website. We're here to support you as you begin this exciting process.

FUNCTIONALITY IS KEY

Your new living space should be laid out based on your lifestyle. Whether you're a home chef cooking for a family of five or a hostess who loves sharing a glass of wine with friends, the value of your kitchen is in your personal experience. It is the heart of the home: a place for entertaining, dining, doing homework, and even taking Zoom calls.

Your bathroom might be a place to relax and unwind, so creating a spa-like atmosphere could be top priority. Or maybe having two sinks and plenty of storage is key. From small appliance storage to organization products that make life easier, ensure you have the functionality you need throughout your home.

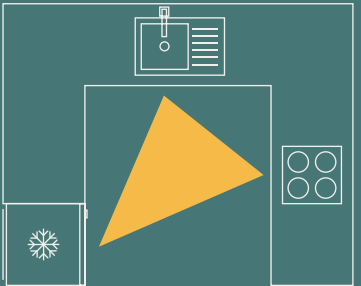

Scan the QR code to book a consultation with a Home Depot designer today!

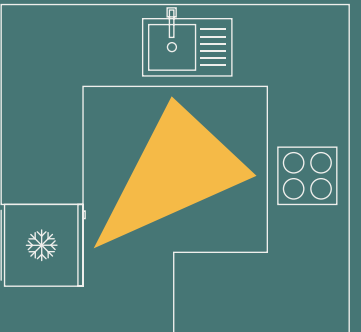

WORK TRIANGLES MAKE COOKING EASIER

Your designer will help you create a space that flows and makes every day in your kitchen more enjoyable.

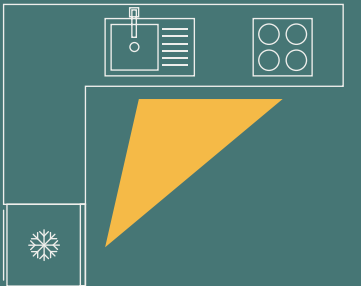

U-SHAPED KITCHEN

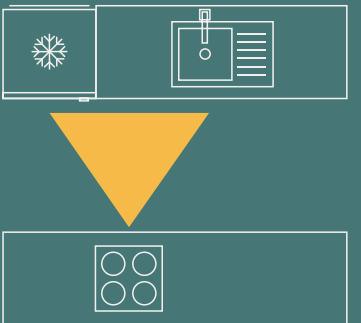

G-SHAPED KITCHEN

L-SHAPED KITCHEN

GALLEY KITCHEN

NOW TRENDING IN FUNCTIONAL SPACES

RECONNECT AROUND A TABLE BUILT RIGHT INTO YOUR KITCHEN

Barstools at your kitchen island might be perfect for a quick cup of coffee or doing homework after school, but having a seating area where you can catch up and connect over a meal is a priority. And when a separate dining room is too formal or just isn't in the cards, creating a dine-in kitchen is the perfect solution.

CREATE CLEAN LINES WITH THE PERFECT HIDDEN PANTRY

A place for your dry goods, overflow items and extra supplies is a necessity. Now, you can blend your pantry seamlessly into your kitchen cabinetry for a beautifully streamlined look.

BEVERAGE STATIONS BUILT FOR GOOD TIMES

Repurpose that unused coat closet and build a beverage station right into your living room! Whether you're entertaining or having date night in, it's a perfect addition. If mixology isn't for you, add a coffee nook! Your morning espresso and afternoon pick-me-ups will be that much more decadent.

FINISH YOUR CABINETRY AND ELEVATE YOUR SPACE WITH MOLDINGS

Moldings provide more than an architectural accent—they define the attitude of your space. Choose a pre-configured molding stack or combine separate molding pieces to create **molding buildups** with a customized look. You'll enhance your space, whether it's contemporary, traditional or anything in between.

LAST BUT NOT LEAST:
LEGS, FEET AND CORBELS

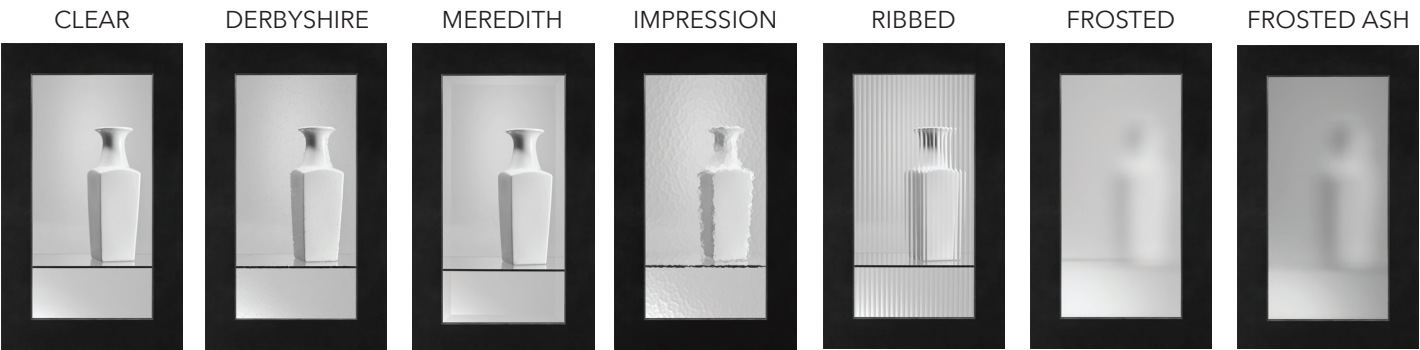

Our extended range of decorative accessories can take your living space to the next level. This inspired collection is designed to match several of our door styles and finishes, but can also be mixed and matched to create a style that's all yours.

Finley Wood Corbels complement Chantilly Decorative Wood Feet/Legs

DECORATIVE GLASS FRAMES AND INSERTS SHOWCASE YOUR STYLE

Glass inserts are a beautiful touch and give your space a unique look that's as functional as it is decorative. Display your favorite pieces and keep the things you need clearly visible. Whether clear or textured, our wide range of style options can add sophistication to any remodel. Your Home Depot designer can help incorporate a choice that's just right for you.

AMERICAN WOODMARK'S CABINETRY IS BUILT TO LAST

GARNER Painted Harbor & Maple Latte

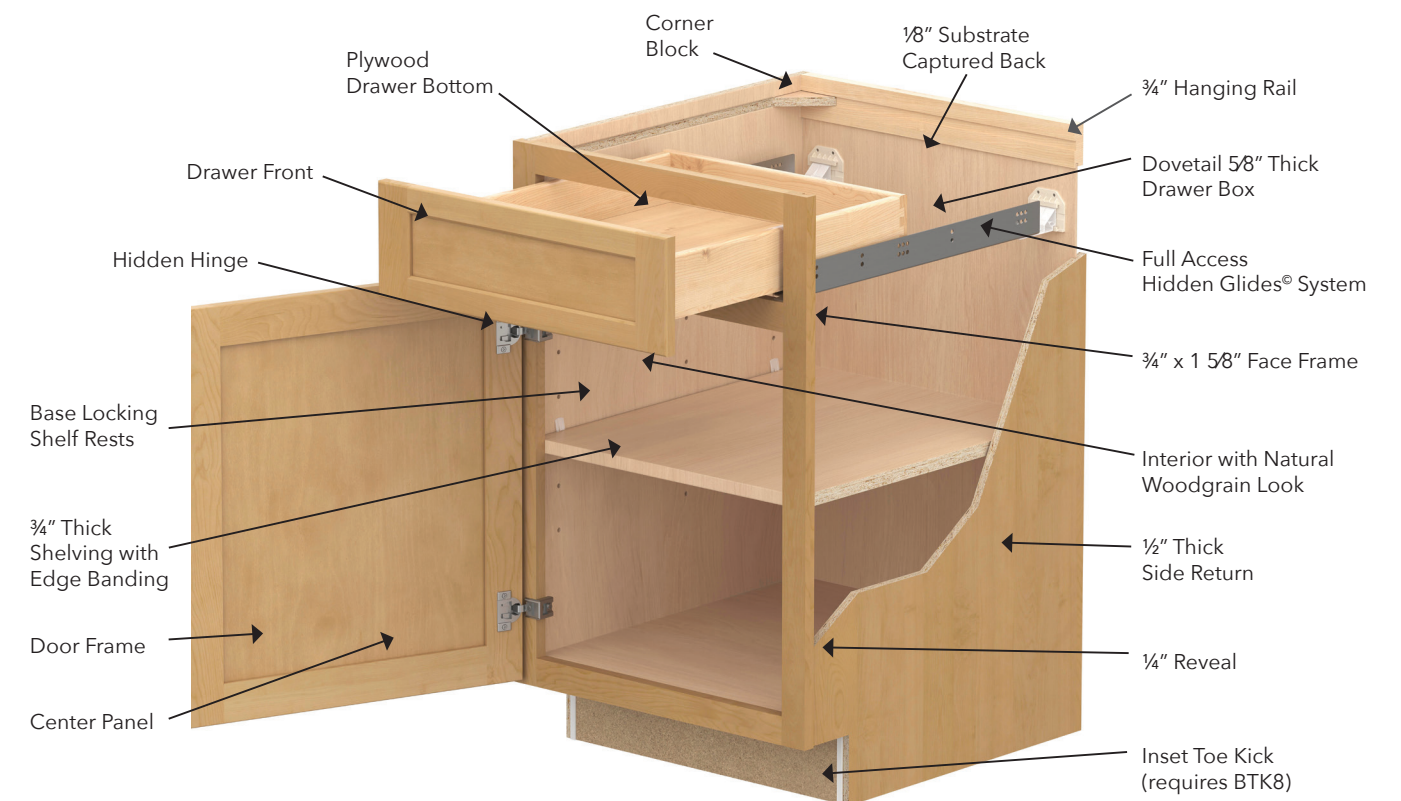

OUR CORPORATE RESPONSIBILITY

As a leading manufacturer of cabinetry, American Woodmark Corporation® is committed to conducting business in a manner that supports the sustainability of the environment. American Woodmark recognizes that our business both affects and is affected by changes in the earth's climate. As such, AWC has created a **Path to Sustainability**. This program consists of three areas of focus: our associates, our carbon footprint, and the planet. We also believe it is our duty to give back to the communities we feel have given so much to us. That's why the American Woodmark Foundation was formed in 1995 and focuses on supporting the communities in which we live and work.

OVER FOUR DECADES OF DOING IT RIGHT

When you choose American Woodmark® for your remodel, you've picked a trusted partner with over 40 years of kitchen and bath experience at The Home Depot®. American Woodmark prides itself on delivering quality stock and semi-custom cabinetry along with design support and attentive customer service you can count on. Our cabinetry is an unbeatable value that can create spaces that make a lasting impression for years to come. A wide variety of options like all-plywood construction, soft-close doors/drawers, and a full range of decorative accents allow you to create a space that's all you. From inspiration to installation, we're with you every step of the way.

WOOD AND FINISHES AGE-IT'S ONLY NATURAL

While we match wood grains as closely as possible, variations are part of what makes our quality wood products so distinctive and beautiful. Over time and with exposure to sunlight, smoke, and chemicals, some cabinet finishes naturally fade or vary from their original color. Be sure to order all the cabinetry you need at the same time because cabinets purchased at a later date may not exactly match cabinets installed today.

THE NATURAL COLOR AND BEAUTY OF WOODMARK'S DOOR STYLES AND FINISHES

Every cabinet door created by American Woodmark® is carefully selected. When it all comes together, homeowners are certain to be satisfied with the look, style, and “wow” of their new living spaces.

CHERRY

Cherry is a close-grained, multi-colored hardwood with occasional pin knots and fine grain variations appearing as curls and waves. Streaking, knots, and subtle color variations are what give this wood its unique character. Its color typically darkens some over time.

MAPLE

Maple is an exceptionally hard, finely grained wood species with a fine, even texture. Many love the darker stains that moderate the color variance and lighter stains that mellow with golden hues over time.

PAINTED

Painted and Glaze finishes perfectly combine hardwoods and engineered materials for superior stability, coverage, and durability. While consistent, visible features like joint lines and woodgrain are expected with this finish, the hand-applied paint highlights natural elements.

DURAFORM®

Duraform uses foils and coatings bonded to composite wood material, creating cabinets that are highly resistant to warping, heat, humidity, and fading. This innovative process makes it extremely durable and easy to clean. Duraform finishes allow these cabinet doors to exhibit the same styling and detail found in solid wood doors.

DURAFORM® TEXTURES

Relying on today's latest technologies, these stylish textures have been created for long-lasting and durable use. This range of finishes, bonded to composite wood, appeals to the designer and homeowner alike with its versatility and ability to create a spectrum of today's latest styles.

IN SUMMARY PLAN TO SUCCEED AND CREATE YOUR IDEAL SPACE!

GET INSPIRED. PULL TOGETHER SOME SAMPLES OF STYLES THAT ARE YOU.

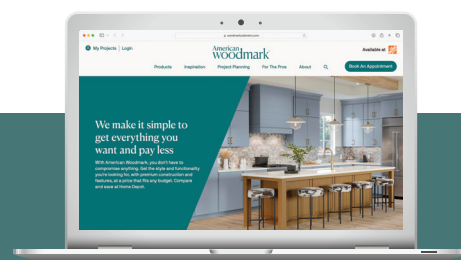

Your favorite colors, textures and ideas about the way you live come together to create a style that's uniquely you. The functionality of your space from layout, fixtures, storage solutions and colors will complement your favorite doorstyles and finishes. Share these ideas with your Home Depot designer. Together, you'll realize a space that's perfect for your way of life.

ROUGHLY SIZE UP AND MEASURE YOUR SPACE SO YOU'RE READY TO GO DAY ONE.

Your Home Depot designer can draw up a first draft of your new kitchen or bath efficiently, if you're prepared. Measure the overall space and note key details like where appliances, plumbing, and electrical outlets are placed for your remodel. Also, be sure to determine your ceiling height. Before you order the cabinets, the measurements should be confirmed with a professional. Let's get it right.

We offer a variety of resources on our website at [woodmarkcabinetry.com](https://www.woodmarkcabinetry.com). Browse our inspiration galleries, request samples, track orders and more.

ASSESS YOUR BUDGET AND GET THE MOST OUT OF IT WITH AMERICAN WOODMARK.

When you're choosing your cabinetry, keep in mind that American Woodmark's quality products and competitive pricing allow you to get more for your money. With the money you save on cabinets you'll be able to plus up the project with details like moldings, functional storage upgrades, appliances and more. Make the most of your budget and maximize your new space.

MAKE AN APPOINTMENT WITH YOUR LOCAL HOME DEPOT DESIGNER TODAY.

American
woodmark®

Your designers at Home Depot are familiar with translating your layout ideas into a functional plan. They'll help you select the right cabinetry and all the various details to get the look and feel you want. They can also address installation and recommend approved Home Depot sources. Book an in-person or virtual consultation to get started on your new favorite space!
