LET’S CREATE YOUR IDEAL SPACE

WE’RE WITH YOU EVERY STEP OF THE WAY

From inspiration to installation, we’ll help create a space that’s all you.

step 1
Get Inspired
Arrive at your first design consultation with inspirational remodel photos or pages from magazines. Take some snaps of spaces you like. Be ready to speak to your favorite colors and textures. Think about the kind of space you need for the way you live.
Pg. 5

step 2
Find Your Look
What’s your personal style? Are you more traditional, contemporary or maybe you favor an unstudied eclectic look. Your lifestyle, the way you dress, the treasures you collect and favorite colors will help you choose a door style and finish that’s you.
Pg. 5

step 3
Plan Your Space
Design a space that fits your life. Consider how you prepare meals and entertain. Whether you’re single, a couple or a growing family, create work zones that make preparing meals and life easier. And remember there’s no such thing as too much storage.
Pg. 17

step 4
Choose Details
Details will personalize your space. Choose crown moldings, glass doors, hardware and organization items to make sure your space is appointed with style and functionality. Express your personal style with finishing touches to your remodel.
Pg. 25

step 5
Let’s Make it Happen
It’s time to start your remodel. American Woodmark® is here for you with inspiration and support. Use tools like the ENVISION 3D Remodeling Tool and order finish samples. Work with The Home Depot® designer. Prepare for demo and the installation of your new space.
Pg. 37

DEFINE YOUR STYLE
Discover endless options for creating and customizing your dream kitchen with American Woodmark products using your Pinterest App. Be sure you have the latest version. When you see the circular image like this one, use the camera inside the app to hover over the image. We’re excited to bring you even more ways to make your space your very own.

It’s time to envision your ideal kitchen, bath, office or any other space in your home. To ensure a successful design consultation, it’s important to be well prepared.

TOP 5 ITEMS TO BRING TO A DESIGN CONSULTATION

1. SCOPE OF WORK
Determine the basic parameters and budget of the remodel work you wish to do. Will you be using the existing footprint or adding square footage to your kitchen, bath or other space? Will you need to relocate any plumbing, gas lines or electricity? Not sure? Your designer will help.

2. HOW YOU USE YOUR KITCHEN OR REMODELED SPACE
Consider functionality that suits your current lifestyle and can adapt to future changes. Do you want a chef’s kitchen? An open floor plan for entertaining? If you’re redoing a bath, do you want efficiency, for starting your days, or a more spa-like atmosphere? For a new home office, think current technology, storage for printers and supplies, and lighting for those video conferences.

3. FEATURES THAT FIT YOUR LIFESTYLE
Your new space needs to conform to your unique lifestyle. Function is as important as beauty, so think about the way your family will use the space. Everything from parties to pets will dictate the design. Remember that storage and organization details are critical in reducing clutter in any space and making it more livable.

4. STYLE INSPIRATION
To achieve a look and feel you’ll love, explore the things that inspire you most. Collect inspirational images: appealing remodel photos, color swatches and samples of materials to share with your Home Depot designer. Things you’ve collected like beautiful rugs and artwork are clear statements that’ll help define your look.

5. PRIORITIES & MUST-HAVES
Now’s the time to assess your needs. Determine your preferred door style and finish first. Then list the features you can’t live without, ranked by importance. Appliances for a kitchen should be chosen first and then functional and style details. For baths, fixtures and functional details are key. For offices and many other spaces, today’s technology is a big priority.
FIND YOUR LOOK.
CREATE A SPACE
THAT FITS YOUR LIFE

START WITH FUNCTIONALITY,
THEN ADD PERSONAL DETAILS
THAT ARE UNIQUE TO YOU

Your favorite colors, textures, personal treasures and remodel pictures from magazines and online will all come together beautifully to create your new space. Share how you plan to functionally use the space with The Home Depot designer. Then, share your collection of inspirational looks, thoughts on color and a rough measurement of the space. Get ready for a unique look that’s all you!

For more inspiration, tips and the complete online remodel guide, visit woodmarkcabinetry.com
Your remodel should reflect who you are and how you live. You make choices every day that are great clues to your personal style. Anything that defines a style you are drawn to could be the spark that creates a living space that will literally change your life. Are you more Contemporary or Traditional? Or maybe somewhere in between. Once you gather inspiration and determine the feeling you want to create, The Home Depot designer can help select the perfect American Woodmark® door style, finish and details to compliment. For more style inspiration, go to woodmarkcabinetry.com.

**FIND YOUR LOOK, MAKE IT YOU**

**CONTEMPORARY**
Sleek and minimalist, contemporary style is characterized by contrasting hues and smooth surfaces. There’s plenty of room to cook and entertain in an open 21st century kitchen.

**MODERN FARMHOUSE**
Naturally laid back, open and inviting, farmhouse style delivers a comfortable look filled with charm.

**TRANSITIONAL**
Functional, carefully curated and sophisticated, transitional style blends the best of traditional and contemporary styles for a lasting look.

**CRAFTSMAN**
Bring your vintage tastes to life with neutral tile and gold accents. You’ll create a space characterized by wholehearted warmth and fine craftsmanship.
Your space will possess a modern elegance with cherry cabinetry offered in a choice of rich hues. Sumptuous finishes that range from a warm autumn tone to a dramatic slate are versatile enough to suit a range of looks from contemporary to more traditional. These cherry finishes will exude warmth and present a feeling of sophistication and refinement.
With its natural beauty, maple offers a wide range of colors designed to inspire. From light and inviting to dark and dramatic, the finish you choose will enhance any space. Welcoming and restorative, your kitchen and bar area will be a place to gather and your bathroom will be an oasis.
Painted to perfection

Painted cabinetry gives such an open and airy feel to your space that you’ll be transported to a place of pure relaxation. Fresh and bright, these light tones are popular for their exquisite color range and smooth feel. Whether you choose to add vibrant pops of color or keep to a serenely neutral palette, you’ll love the way your space flows.
DURAFORM FINISHES, MADE TO ORDER

With three opaque finishes that are designed to withstand the tests of time in effortless style, Duraform is an easy choice for creating an enduring space. Sleek and soothing, it complements any taste. Three textures, each in a distinctive shade, come with complimentary boxes.
CONSIDER YOUR NEEDS TODAY AND TOMORROW

The real beauty of a new kitchen or bath exceeds just how physically beautiful it is. Think about how you’re going to use the space today and tomorrow. Consider all—from energy saving appliances and efficient food and prep work zones to stain resistant floors, lighting and a space that may serve as a home office with the latest technology support. You’ll love it when a plan comes together!

For more inspiration, tips and the complete online remodel guide, visit woodmarkcabinetry.com
PLAN YOUR SPACE WITH DETAILS IN MIND

Are you starting a family? Do you already have one? Are you upsizing or downsizing? Think about your life—what you need now and in the future. Do you usually entertain other couples or the little league team? Share your needs with The Home Depot designer. Then choose American Woodmark® cabinets, accessories and remodel details that are right for you. Take advantage of American Woodmark’s online tools to smooth the process. Find our handy measuring guide, budget calculator and the ENVISION 3D Remodel Tool at woodmarkcabinetry.com.

ACCURATE MEASURING IS CRITICAL

Arrive at your first consultation with general measurements of your space. In some cases, The Home Depot designated remodel professional will visit your home for more precise measuring before your cabinets are ordered. For helpful tips on measuring, budgeting your remodel and to use our ENVISION 3D Remodeling Tool to sketch your space, please visit woodmarkcabinetry.com.

W: ______  x  H: ______  x  L: ______ = ______sq. Ft

PREPARE TO LIVE WITHOUT A KITCHEN

The remodel process is disruptive, but you’ll love the results. During the demo and installation of your kitchen, have another place in mind for preparing simple meals and refrigerating food. A garage, mudroom or laundry room can work temporarily. This is a good time for takeout and dining at the neighbors’ house.
GETTING THE MOST BANG FOR YOUR BUCK
You’ll get the most out of your remodel investment dollars when you start with an emphasis on functionality, complimented with the look you want to achieve. Your Home Depot designer will help spec appliances first so your cabinets can be ordered with all dimensions in mind. On a tight budget, choose the most important things first and other add-ons or upgrades later. For example; the must-haves now would be cabinetry, primary organization items, appliances, moldings, faucets, sinks and countertops. Details like special hardware, lighting fixtures and even backsplashes can be added later while controlling costs in the shorter term.

But don’t sacrifice the must-haves or you’ll end up with something called “Reverse buyer’s remorse.” This is when homeowners fail to invest in important features and regret it later.

FUNCTIONALITY IS KEY
Your new kitchen must be laid out based on the way you live and prepare meals. The value of a kitchen far exceeds just cooking. It is the heart of the home: a place for entertaining, dining, doing homework and today, taking Zoom calls. Keep charging stations in mind for your technology. Lighting is key for reading and video conferences. And don’t forget organization items so you can stay organized for life and work!

ADD VALUE TO YOUR HOME, CHOOSE TO REMODEL
Cost is often what stands between many and their dream remodel. But, when you consider it’s an investment that adds value, deciding to remodel is a much easier choice. The Hanley Wood Remodeling 2020 Cost vs. Value Report* shows that a major kitchen remodel recoups, on average, 58.6% of the investment. And a midrange bathroom remodel, on average, recoups 64% of the initial investment.

Try our handy online budget calculator to help plan your remodel at woodmarkcabinetry.com

* https://www.remodeling.hw.net/cost-vs-value/2020
Your choices of hardware, moldings, glass door panels, lighting and fixtures pull it all together for a personalized look. American Woodmark® has a range of many decorative details that will add “wow” to your finished space. Details like the right crown molding, glass doors and carefully selected hardware will receive compliments for years to come.

For more inspiration, tips and the complete online remodel guide, visit woodmarkcabinetry.com
HARDWARE SELECTIONS

Like jewelry, hardware is the personal touch that makes a living space truly yours, reflecting your unique personality and way of life. American Woodmark® has a spectrum of hardware looks. Traditional designs with the look of aged metal and pewter with copper highlights; Old World pieces expressed as bronze; Brushed elements that relate perfectly to today’s stainless steel finishes. American Woodmark’s collection promises to complement your look with style, no matter what it is.

PULL IT ALL TOGETHER WITH MOLDINGS

Moldings give your cabinets and overall space a finished look. They provide more than an architectural accent; they define the attitude of your space and complete your look. American Woodmark® has a variety of moldings to fit any style. Whether you’re accenting a contemporary space, looking for a more traditional feel or are into a vintage French style, we have it—and everything in between. Work with your Home Depot kitchen designer to find the perfect molding detail for your space.

DETAILS MAKE THE SPACE YOUR SPACE

MOLDING BUILDUPS

Combined separate molding pieces create “molding buildups.” Different combinations create many looks.

Browse our complete line of hardware and molding options and check out the complete online remodel guide at woodmarkcabinetry.com
PERSONALIZE YOUR SPACE WITH DECORATIVE DETAILS

DECORATIVE GLASS FRAMES AND INSERTS FOR YOUR UNIQUE LOOK

Glass inserts are a great decorative touch and can give your space its own unique look. Leaded, frosted, etched, ribbed and many other glass insert options add real sophistication to any remodel. The Home Depot kitchen designer knows all the ins and outs and can help incorporate a choice that’s just right for you.

Check out all of the options for glass, feet, legs and corbels as well as our complete online remodel guide at woodmarkcabinetry.com
Get cooking with a more organized space!

Whether you view your kitchen as a space to entertain or to decompress, being organized is essential. What’s the point of remodeling if you don’t have kitchen needs organized such that cooking and entertaining is a breeze? Spend more time cooking and entertaining and less time searching for things like the potato peeler, corkscrew and salad spinner. Get organized and create your perfect kitchen.

Visit woodmarkcabinetry.com to browse our full line of organizational solutions and see our complete online remodel guide.
40 YEARS OF GETTING IT RIGHT
When you choose American Woodmark® for your remodel, you’ve chosen a trusted partner with 40 years of kitchen and bath experience at The Home Depot. American Woodmark prides itself on delivering quality stock and semi-custom cabinetry along with design support and attentive customer service you can count on. A wide variety of options like all-plywood construction, soft close doors/drawers and a full range of decorative accents allow you to create a space that’s all you. From inspiration to installation, we’re with you every step of the way.

WOOD AND FINISHES AGE. IT’S ONLY NATURAL.
While we match wood grains as closely as possible, variations are part of what makes our quality wood products so distinctive and beautiful. Over time and exposure to sunlight, smoke and chemicals, some cabinet finishes naturally fade or vary from their original color. Be sure and order all the cabinetry you need at the same time because cabinets purchased at a later date may not exactly match cabinets installed today.
THE NATURAL COLOR AND BEAUTY OF WOODMARK’S DOOR STYLES AND FINISHES

Every cabinet door created by American Woodmark® is carefully selected. When it all comes together, homeowners are certain to be satisfied with the look, style and “Wow” of their new living space.

CHERRY
Cherry is a close-grained, multicolored hardwood with occasional pin knots and fine grain variations appearing as curls and waves. Streaking, knots and subtle color variations are what give this wood its unique character. Its color typically darkens some over time.

MAPLE
Maple is an exceptionally hard, finely grained wood species with a fine, even texture. Many love the darker stains that moderate the color variance and lighter stains that mellow with golden hues over time.

PAINTED
Painted finishes combine hardwoods and engineered materials including solid wood, medium density fiberboards (MDF), high density fiberboard (HDF) and similar materials to achieve superior stability, consistency, coverage and durability.

DURAFORM
Relying on today’s latest technologies, these stylish textures have been created for long-lasting and durable use. This range of finishes bonded to composite wood appeal to the designer and homeowner alike with their versatility and ability to create a range of today’s latest styles.

Painted finishes combine hardwoods and engineered materials including solid wood, medium density fiberboards (MDF), high density fiberboard (HDF) and similar materials to achieve superior stability, consistency, coverage and durability.

Duraform uses foils and coatings bonded to composite wood material, creating cabinets that are highly resistant to warping, heat, humidity and fading. This innovative process makes it extremely durable and easy to clean. Duraform finishes allow Duraform cabinet doors to exhibit the same styling and detail found in solid wood doors.

ORDER SAMPLES!
Make sure you love the door style and finish you chose by ordering a sample from American Woodmark. It will also come in handy when it comes to picking out your backsplash, decorative details and hardware. For details and how to order, just go to woodmarkcabinetry.com/samples

GO TO WOODMARKCABINETRY.COM FOR OUR COMPLETE REMODEL GUIDE
The online American Woodmark® remodel guide is an expanded version of this printed piece. It has more inspiration, tips, trends and details on how to achieve your ideal remodel. Being in the know saves you time, money and drama.
STEP 4—CHOOSE DETAILS
- Once you’ve decided on your layout, door style and finish, it’s time to select the decorative details.
- Consider the custom organizational features that will store dishes, utensils, cookware, small appliances, pantry items and anything else that is a staple for you.
- Discuss the molding, glass features and other details that will enhance your cabinets and make them fit your home décor.
- Select the hardware that will set your cabinets apart while adding the perfect functionality you’re looking for.
- Finalize your decisions and get ready to start your remodel.

Go to woodmarkcabinetry.com for more inspiration and view our full catalog of inspiring remodel ideas.

Explore ideas on Pinterest, Houzz and other home design sites to gather photos of rooms with must-have features.

Keep a scrapbook of ideas that reflect your personal style.

Visit The Home Depot to view American Woodmark® product selections.

Make a list of the things that annoy you about your current space as well as a list of must-have features and details.

Consider how you might alter your floorplan to accommodate a more functional space.

GET BUILT-IN CONFIDENCE FROM OUR PARTNERSHIP WITH THE HOME DEPOT®

For over 40 years, we’ve worked closely with The Home Depot to help remodel America’s homes. We’re one of their original partners, and our sales force is dedicated exclusively to the retailer.

LIFETIME LIMITED WARRANTY

We stand behind every cabinet we build. Our warranty is valid for as long as you own your home from the date of delivery to you. For details and disclaimers, please visit woodmarkcabinetry.com and look for Warranty Information located in the About Us section located under the Tools and Resource section of our website.

PROUD TO BE KCMA CERTIFIED FOR QUALITY AND SUSTAINABILITY

All American Woodmark® cabinetry meets the rigorous strength, quality and performance standards set by the Kitchen Cabinet Manufacturers Association (KCMA). We’re also certified by the KCMA Environmental Stewardship Program on all our products. This certification is awarded based on compliance across a stringent range of standards, including air quality, product resource management, process resource management, environmental stewardship and community relations. To find out more about our KCMA certifications, please visit woodmarkcabinetry.com.

CUSTOMER CARE

Call us toll-free at 1-800-677-8182, Monday through Friday 8:00 a.m. – 8:00 p.m. or Saturday, 8:00 a.m. – 6:00 p.m. EST.

CustomerCare@AmericanWoodmark.com

WE'RE WITH YOU EVERY STEP OF THE WAY.

From inspiration to installation, we’ll help create a space that’s all you.

STEP 1—GET INSPIRED
- Go to woodmarkcabinetry.com for more inspiration and view our full catalog of inspiring remodel ideas.
- Explore ideas on Pinterest, Houzz and other home design sites to gather photos of rooms with must-have features.
- Order American Woodmark door samples at woodmarkcabinetry.com so you can view in the actual light of your space.
- Compare your choices of finish with the paint colors in your home to ensure they are complementary.
- Think about how the door styles fit with the furnishings in your home.
- Consider and choose complementary appliances.

STEP 2—FIND YOUR LOOK
- Think about your personal style and define whether your look is more traditional, contemporary, craftsman, farmhouse or otherwise.
- Work with your designer to narrow your choices of door styles and finishes that achieve your look.
- Order American Woodmark door samples at woodmarkcabinetry.com.
- Compare your choices of finish with the paint colors in your home to ensure they are complementary.
- Think about how the door styles fit with the furnishings in your home.
- Consider and choose complementary appliances.

STEP 3—PLAN YOUR SPACE
- Measure the space you are remodeling.
- Sketch out a plan using the ENVISION 3D Remodel Tool at woodmarkcabinetry.com and share with your Home Depot designer.
- Schedule an in-store appointment with a Home Depot kitchen designer.
- If you are using a remodeling contractor, schedule an in-home visit to discuss your plans.
- Create a budget that includes: cabinets, countertops, flooring, lighting, fixtures, appliances, paint color, backsplash tile and labor.
- Anticipate a professional remodel expert visiting your home to measure your space precisely.

STEP 5—LET'S MAKE IT HAPPEN
- Once you sign off on your plan, The Home Depot will coordinate with American Woodmark to get your cabinets manufactured to your specifications.
- We will communicate with you every step of the way to manage your expectations and help you schedule each phase of your project.
- When your cabinets are ready to be delivered, we will notify you so you can coordinate with your contractor or installer.
- Once you see your space coming together, we will follow up with you to ensure everything was delivered and installed to your satisfaction.
- Now it’s your turn to tell your friends about your remodeling experience.

STAY ON TRACK THROUGHOUT YOUR PROJECT.

- Use this handy checklist.
