Create the perfect vanity by pairing American Woodmark’s affordable style with Silestone’s superior strength and beauty. Select the desired cabinetry and countertop styles, colors and options, then place a single order for bundled delivery direct to the customer’s home.

In addition to the items in this section, most items in the below sections are also available for this program:

- Panels
- Fillers
- Molding
- Decorative Accents
- Valances
- Hardware
- Glass (for Vanity Linen and Wall cabinets only)
- Installation Items
Standard Countertop Specifications

**TOP * X 22**

Countertops are available from 18” to 62” wide. To order, replace the asterisk (*) with the needed width.

Example: TOP 26 x 22

**Note:**
- 22” deep
- 2cm thick
- 4” high, 2cm thick set-on backsplash included (non-attached)

Use the interactive Countertop Calculator in 20-20 for help calculating countertop width, overhang, or bowl placement. Access it by dragging any countertop onto the floorplan.

COUNTERTOP OPTIONS

**Width Options**

Select needed width increase:
- 0.25IN - 1/4” Increased Width
- 0.5IN - 1/2” Increased Width
- 0.75IN - 3/4” Increased Width
- NOINC - No Increased Width

**Note:**
- No Width Options are available on the 62” countertop (TOP 62 x 22)
Color Selections

Select Silestone countertop from these 25 colors:

<table>
<thead>
<tr>
<th>Alpina White</th>
<th>Capri Limestone</th>
<th>Kona Beige</th>
<th>Pietra</th>
<th>Snowy Ibiza</th>
</tr>
</thead>
<tbody>
<tr>
<td>Bamboo</td>
<td>Coral Clay</td>
<td>Lena</td>
<td>Quasar</td>
<td>Stellar Night*</td>
</tr>
<tr>
<td>Blanco City</td>
<td>Grey Expo</td>
<td>Marengo</td>
<td>Riverbed*</td>
<td>Stellar Snow*</td>
</tr>
<tr>
<td>Blanco Maple</td>
<td>Iron Ore*</td>
<td>Mountain Mist</td>
<td>Sienna Ridge</td>
<td>White Arabesque</td>
</tr>
<tr>
<td>Blue Sahara</td>
<td>Iron Bark</td>
<td>Ocean Storm</td>
<td>Sierra Madre</td>
<td>White Zeus Extreme</td>
</tr>
</tbody>
</table>

*Product manufactured from up to 75% recycled materials.

Note:
- These colors are available on the quarry wall
- To view these color options online, go to www.silestoneusa.com/colors

Front Edge Treatment

Select from the following edge options:

- EASED
- BEVEL
- BULLNOSE

Left & Right Edge Treatments

Select your edge treatment for both the left and right sides of the countertop:
- Decorative edge (matches the front edge treatment)
- Non-decorative edge (edge is polished flush)
- 4” high set-on sidedsplash (non-attached) with non-decorative edge (not polished but flush)

Notes on Sidesplashes:
- Eased edge is 21 ¼” deep x 4” high x 2cm thick
- Bevel/Bullnose edge: 20 ¼” deep x 4” high x 2cm thick
- Adding a sidesplash does not adjust overall countertop width
**No Sink Option**

If a sink or drilling is not needed, select the No Sink Option. This option has no sink, sink drilling or faucet openings.
- Countertops less than 24” wide must use the “No Sink” Option

**Undermount Sink Bowl Options**

If an undermounted sink is needed, select from the options below:

**OVAL**
- Available in White or Bisque
- Double oval available (upgrade)

**RECTANGULAR (upgrade)**
- Available in White
- Double rectangular available (upgrade)

**Notes:**
- Undermount sinks are installed to countertops during manufacturing
- Available as offset or centered on the overall width of the countertop
- Measure location from left counter edge to sink center; double sinks will require a second measurement from the left edge
- Sinks include an overflow hole
- Decorative drain hardware/stopper not included
- Not available for countertops less than 24” wide

**Undermount Faucet Opening Options**

When using an Undermount Sink Bowl Option, select the faucet opening that matches your faucet from these options:

**SINGLE**

**4” SPREAD**

**8” SPREAD**

**8” CONTOUR**
(Oval sinks only)

**Notes:**
- Also available with No Faucet Opening
- Faucets are not included
- Countertops less than 24” wide must use the “No Faucet Opening” option
Vessel Options

If a Vessel Bowl is being used, select a Vessel Option with the desired faucet placement. Vessel options are available with drilling for single or double vessel bowls. Vessel bowl, faucet, mounting ring, drain hardware and stopper are not included.

All countertops for vessel bowls are drilled with 13/4” diameter drain hole.

*Countertops are drilled with 13/8” diameter faucet hole.

Vessel Faucet Opening Options above are shown drilled for single vessel bowl. Countertops drilled for double vessel bowls are drilled with one faucet hole for each bowl using the selected Vessel Faucet Opening Option (Center, Left, Right) unless the No Vessel Faucet Option is selected. Additional faucet configurations available for double vessel bowls include:

- **BOTH OUTER**: faucet for left vessel bowl is drilled using VESSEL LEFT option and faucet for right vessel bowl is drilled using VESSEL RIGHT option
- **BOTH INNER**: faucet for left vessel bowl is drilled using VESSEL RIGHT option and faucet for right vessel bowl is drilled using VESSEL LEFT option

**Notes:**

- Vessel Sink Options are recommended for sinks sized between 16”-17” from front of bowl to back of bowl
- Not available for countertops less than 24” wide
- For above-counter vessel bowls only
- Vessel sink must require a 13/4” or smaller diameter drain hole - refer to vessel manufacturer specifications
- Vessel sinks with an overflow hole, or that are pre-drilled for a faucet mounted on the vessel bowl, are not recommended
- The VESSEL FAUCET CENTER or NO VESSEL FAUCET are recommended when using a square or rectangular vessel bowl
- Offset vessel options must indicate drain location from left countertop edge to drain center; double sinks require a second measurement from the left edge to second drain center
- Vessel Faucet must be compatible with 13/8” diameter drilled faucet hole - refer to manufacturer specifications for dimensions and requirements for vessel faucet spout
- Dimension from back of countertop to drilled drain hole location is dependent on Vessel Faucet Opening Option selected
- Must verify all vessel and faucet clearance recommendations and dimension requirements
- Faucet(s) should have adequate clearance for proper functioning of handles, not blocked by bowl or backsplash
- Installation of the backsplash is optional. If necessary backsplash can be left uninstalled to provide additional space for proper functioning of faucet
**31⅛” Standard Height Vanity Cabinets**

Standard Height Vanity cabinets are 31⅛” high, 12” to 60” wide and 20 ⅝” deep.

Cathedral doors are not available on Standard Height Vanity Base cabinets.

Single door Standard Height Vanity cabinets are hinged left and can be reversed in the field.

Inset toe kick construction requires BTKB matching toe kick - must be ordered separately.

AWVAN: Vanity Wall Collection
Wall Top Hinge cabinets are 30” or 36” wide, 15” or 18” high and 12” deep.

Wall Top Hinge cabinets ordered in cathedral door styles will default to square.

Wall Top Hinge cabinets use standard wall door in horizontal orientation. Rail and stile configuration and insert panel grain direction will differ from standard wall cabinets.

For Increased Depth cabinets, please refer to the installation notes listed in the Increased Depth Construction Option section.
Cathedral Wall End Angle cabinets must be ordered hinged left or right.

Square Wall End Angle cabinets are hinged left and can be reversed or flipped in the field.

Wall End Angle

42” High

- Requires 12” x 12” space
- Three adjustable shelves
- Features a DR1542 door
- Specialty Door cabinets (SD) feature Matching Interior standard and require a specialty door selection - refer to page 56 for more details

- WEA1242
- WEA1242 SD
